# 600 SERIES DRUM THRONES

The throne is an essential part of the drumming experience and with the selection of valuable options available within the 600 series any player can find their true comfort zone.

## Maximum Endurance

SGS-certified, the new T680 throne seat ensures exceptional endurance, durability, and performance under rigorous conditions.

## Extra Thick Foam

The new T680 model boasts denser foam for unprecedented softness, coupled with a refined black cloth-top, ensuring players enjoy superior comfort.

## Enlarged Seat Area

The enlarged seating area ensures greater accommodation and enhanced comfort for drummers.

## Optimized Thigh Placement

A rounded seat edge facilitates optimized thigh comfort, and a 2.5-degree decline prevents drummers from slipping.
